### Celebrating other Faiths

On Monday, Year 4 had a visitor from MEAS called Faktara. She spoke to them about her religion; Islam and it was fascinating to hear from someone who actually practises this religion. They also had the opportunity to try on traditional attire.

### GJS's Great British Build Off

Building air raid shelters in DT: the shelters had to withstand a 1kg weight for a stability check; have 200ml of water poured on for a waterproof check; and have a 10-second blast from a hairdryer for a check on how securely all the parts were attached. The children worked brilliantly together, showing real determination to succeed!

GJS's Great  
British  
Build-off!

## Dangerous Parking

Parking continues to be a real issue at GJS, especially when the weather is poor. However, rain is not an excuse for this type of parking.

At pick-up time this evening, two cars parked over the pavement almost directly opposite our school gates on Mill Lane. This caused huge congestion, especially when the school buses tried to get down the road, as well as blockages on the pavement as families had to walk single file past the cars. This type of parking could have caused great injury to others.

I ask once again, please do not park thoughtlessly and dangerously around our school. Instead, consider others and park safely a short distance away and walk to collect your child.

## Online Safety

For 20 years, FIFA dominated the football video gaming arena, attracting legions of devoted fans and scooping up accolades like a digital Rea; Madrid. After parting ways with the sport's governing body, however, renowned developers Electronic Arts (EA) have now launched their own individual bid for the title. It's called EA Sports FC 24, and it's effectively FIFA 2.0.

Familiar action by the same team, of course, points to a comparable level of popularity - especially among those young gamers raised on the FIFA franchise. This #WakeUpWednesday guides highlights, however, EA Sports FC 24 also carries many similar risks to its predecessor, including addictive gameplay, abusive voice chats and expensive in-game purchases.
